YCC Maryland Section

2023

YCC – Maryland - Chair

- Olivia Harper Wilkins, PhD

Members at UMBC

- Kaylyn Stewart

YCC Secretary

- TBA

Members at ACS Maryland Section

- Olivia , PhD
- Jillian
- Nicole

ACS Staff Liaison

Diego Salazar, YCC, ACS

Communications Chair

Logan Miller, YCC ACS

Mentor at ACS Maryland Section

Beatrice Salazar, MS.

We Are Serving the Needs of Early Career Chemists

The Younger Chemists Committee (YCC):
Advocates for and provides resources to early-career chemists and professionals in the chemical sciences and related fields.

Addresses specific issues facing younger chemists within the ACS and **serves as a voice to the Society** on behalf of younger chemists.

Goals of the YCC:

- Advocate for younger chemists' needs, concerns, and contributions.
- Provide tools and support to younger chemists for diverse career opportunities and development.
- Foster and connect communities of younger chemists around the world. Learn more about the YCC at the ACS [YCC website](#).

History of YCC

- Established in 1974, the YCC is a joint board-council committee of the ACS consisting of thirty-three members and associates.
- Along with its many alumni, the committee represents a wide range of industrial, governmental, and academic fields and serves as the voice of younger chemists in the ACS.
- Committee associates and members are appointed for one - or three - year terms by the ACS President and Chairman of the Board and may be reappointed until the age of 40.
- During their term on the YCC, members and associates may choose to serve on various subcommittees and task forces.

History of YCC- Maryland

- Established in 2023, the YCC is a joint board-council committee of the ACS_Maryland consisting of Council/Mentor, Chair, Secretary and Four members from the ACS Maryland Local section.

- [LSYCC Starter Kit \(acsycc.org\)](https://acsycc.org)
- [LSYCC Grants – ACS Younger Chemists Committee \(acsycc.org\)](https://acsycc.org)
- This revival of the YCC was originated at the 2023 Leadership Institute. In conversations with Kylyn Stewart, Chemistry student at UMBC, we decided to develop the Younger Chemist Committee for ACS Maryland Section.

Chair: Olivia Harper Wilkins

Members: Jillian Mabrough, Nicole ...
