

ACS Maryland Local Section Honors its 50, 60 and 70 year members in 2025

June 25, 2025

Presenter: Beatrice Salazar, Chair , Maryland LS

Introduction

- The American Chemical Society and its local sections recognize those who have reached 50, 60, 70 years of membership in 2025.
- To commemorate the 50-year milestone, ACS Maryland Local Section celebrates this accomplishment with a lunch and a year certificate.
- ACS gives also a special lapel pin, and a permanent member card entitling the person to free registration at all spring, fall, and regional ACS meetings
- This year, ACS has 967 50-year members worldwide; 20 are from The Maryland Local Section

We are not alone

ACS Senior Chemists Committee.

Almost 38,000 ACS members are more than 60 years of age; they constitute 23% of the membership and are the fastest growing demographic in the society

- . More than 18,000 of these members are still working and active in the profession

- . A large number of the others are engaged in part-time work (such as consulting, contracting, and teaching). Many of those who are not working are engaged in a variety of volunteer activities.

Introduction

Everyone at the Society takes great pleasure in acknowledging you, distinguished members, who have contributed so much to the continued success of the American Chemical Society.

We congratulate you and offer sincere gratitude for your many years of service and dedication to the chemical sciences.

It is a pleasure to introduce the next speakers :

Dr. Sunita Thyagarajan from JHU She is the Vice Chair.

And Dr. Louise Hellwig from Morgan State University, Secretary

AMERICAN CHEMICAL SOCIETY

Presents

Dr. Sibyl Louisa Bane

with this Certificate of Recognition
on behalf of the ACS Board of Directors
in grateful appreciation for

Seventy Years of Service

Dorothy J. Phillips
Dorothy J. Phillips, Ph.D.
2025 President
American Chemical Society

Albert G. Horvath
